KREATIONS

Welcome to **KTKCare**

The day we complete your installation is the day we can start the next phase of our relationship. With an **KTKCare** performance plan, you can be confident your technology solutions will perform properly today and for years to come. Our remote and on-site technical support options all feature optimal response times and a plan for every budget. We pledge to treat your premises and safeguard your people as we do our own. From system integrations, programming, software, networking, and connectivity; as well as diagnosing, troubleshooting, monitoring, and handling all necessary updates and maintenance. We schedule periodic health visits to clean, calibrate, update, and run performance checks on your system. Contact us for a performance plan assessment.

FAQ

Q: Why do I need a Performance Plan?

A: We can now do most maintenance, updates, support and even system repairs remotely. If there's a new update that would normally require a visit, we can often perform the maintenance right from our office without interrupting you for a visit. This reduces time and expense for you and for us.

Q: Is my system reliable?

A: More than ever. We rarely replace hardware and perform all software updates.

Q: What if I'm not on a Plan?

A: You can choose to pay per incident and by the hour, but won't receive priority scheduling, extended hours or over a dozen other benefits.

Q: What can we monitor and update remotely?

A: Just about any device that's connected including all critical system automation.

Q: Do I need to sign a contract?

A: We offer annual agreements.

Q: How are the plans paid?

A: Our Performance Plans are paid monthly or yearly.
